Additional Product Information:

**STORAGE
CONDITIONS:**

Stable when stored in its original container securely tightened and away from heat, open flames, sunlight, combustible materials and hot surfaces. Store in a cool, dry, and well-ventilated place.

**MICROBIOLOGICAL /
BIOBURDEN /
MYCOTOXINS:**

Because this product has a water activity value of <0.5 , there is not expected to be any detectable microbiological growth (<1 cfu / mL). Bioburden, microbiological, and mycotoxin assays are not typically tested due to being extremely low risk for the product type. Testing to confirm this may be done at customer request on a per-lot basis.
